

startup_state

```
graph LR; A[startup_state] --> B[lcd_send_string]; B --> C[lcd_send_data];
```

A flowchart illustrating a sequence of three steps. The first step, 'startup_state', is highlighted with a gray background. It is connected by a dark blue arrow to the second step, 'lcd_send_string', which has a white background. This second step is then connected by another dark blue arrow to the third step, 'lcd_send_data', also with a white background. All three steps are contained within rectangular boxes with black borders.
